DETAILED ACTION

1. This action is in response to applicant's request of Continued Examination (RCE) filed on 07/09/2007 on amendments/arguments filed on 07/09/2007. Independent claims 1 and 2 have been amended. Currently, claims 1-10 are pending.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Paul Skwierawski on 07/19/2007.

The application has been amended as follows:

1.) On line 2 of claim 5, limitation "said current-output type circuit" has been amended to --said active current-output circuit--.

2.) On line 4 of claim 5, limitation "said current-output type circuit" has been amended to --said active current-output circuit--.

Allowable Subject Matter

3. **Claims 1-10** are allowed.
4. The following is an examiner's statement of reasons for allowance:

Consider **claims 1 and 3-10**, the best prior arts of record found during examination of the present application, **Midtgaard et al. (U.S. PGPub 2002/0090921 A1)** in view of **William O. Keese, "An Analysis and Performance Evaluation of a Passive Filter Design Technique for Charge Pump PLL's", National Semiconductor Application Note 1001, Jul. 2001, pp. 1-8**, disclose a phase control loop, an amplitude control loop and a 2nd order passive filter and a second passive filter but fails to specifically disclose that active current-output circuit is provided at front stage of the second passive filter to isolate the transfer functions of said second passive filter.

Therefore, claims 1 and 3-10 of the present application are considered novel, consequently, are allowed.

Consider **claim 2**, claim 2 is allowed for the same reason as in claim 1 above.

Conclusion

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
